(3) Class III shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single school board;

The purpose of this publication is to provide general statistical information about various aspects of elementary and secondary education in Nebraska.

The data for this publication was collected in the fall of 1983 for the 1983-84 school year.

Enrollment information includes all students in membership on the last Friday in September, 1983.

Staff data was collected on September 1, 1983, with adjustments made through December, 1983.

Full-Time Equivalency (F.T.E.) is the indication of the time an individual spends in a position assignment as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .5. In all cases a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as number of individuals.
